

7082/4RG Proof Mercury Lite

Certified aluminium variable height stretcher high version with 4 rotating wheels

FEATURES

4 rotating wheels version is available for "Mercury Lite" which grants extremely maneuverability. This product is ideal for narrow spaces. Operating an easy command the two frontal wheels can be unlocked or reset to their original configuration. Fixing of stretcher inside the rescue vehicle is granted by certified system Art. 955 Proof (see "[Fixing Systems](#)"). Supplied complete with mattress and belts. This version has the same features of model 7080/4RG Proof, but it allows to load on ambulances with higher loading height.

Device certified according to the European harmonized safety standards UNI EN 1865 - UNI EN 1789.
